

Maxwell Short profile

Maxwell S.B. Nimely holds Master of Public Health Degree (MPH) from the Cuttington University Graduate Studies, a Bachelor of Science (BSc) in Biology and Chemistry from the undergraduate studies of Cuttington University, and several professional certificates including Research, training, M & E and Data Analysis.

Maxwell is a research, training and M & E Expert. He participated and/or led several research activities including surveys, assessments and evaluations. He also served as Data Analyst for both quantitative and qualitative research data, using data analysis software (i.e. Spreadsheets/SPSS/STATA).

As a research and MEAL Specialist, Maxwell have been involved in numerous research initiatives, leading surveys, assessments, and MEAL activities. My skills also extend to data analysis, having served as a Data Analyst proficient in quantitative and qualitative research data using software such as spreadsheets, SPSS, or STATA. I have undergone extensive training in various areas, including Research, Data Analysis, Monitoring and Evaluation, Project Development and Management, Institutional Assessment, Gender-Responsive Evaluation, Leadership, and soft skills pertinent to business ventures and livelihood activities.

Maxwell has acquired trainings in M & E, Projects Evaluation, Performance-Based Capacity Building, Institutional Assessment, Data and Gender analysis from several organizations. He participated in Data Quality Assessment (DQA) training from Liberia Monitoring and Evaluation Program (L_MEP) and an advanced participation Methods (APM) from People, Rules, Organizations, Supporting, Protection of Ecosystem Resources (PROSPER) Liberia.

Throughout his career, Maxwell has held diverse roles, including Independent Projects Evaluator, Research Director, MEAL Manager, Projects Manager & Coordinator, and University Lecturer. Currently, Maxwell is engaged as a Research, Training, and MEAL Consultant at Top Consulting Incorporated (TCi), Liberia.

Maxwell professional journey spans over one and a half decades, during which I have collaborated with various organizations and served as an independent Research, Monitoring, and Evaluation Consultant on projects funded by esteemed institutions such as the World Bank, UN, USAID, EU, GIZ, among others.

Over the past decade, I have led and participated in numerous Midterm and Final Evaluations, contributing to projects spanning Liberia's 15 political subdivisions. Despite challenging circumstances, including traversing dangerous terrains, my dedication to delivering quality results has remained unwavering.

Enclosed, please find an abridged version of my CV for further details on my employment history and education. Additionally, my training certificates are available upon request. I am readily available for any clarifications or interviews at your convenience and can be reached via WhatsApp @+231886542605, Facebook @maxweel.nimely, or LinkedIn @maxwell-nimely.
